

Blue Flame Award Winner

2024

Cleveland™

What is the Blue Flame Award?

The 2024 Blue Flame Award has been bestowed upon Cleveland's gas-powered kettles by the Blue Flame Alliance. Cleveland earned this recognition for its equipment's exceptional features, which streamline food production processes and ensure reliable performance, all while maintaining top-of-the-line energy efficiency.

Cleveland Gas Kettles

The magic lies in how it's made. Our blower-enhanced gas combustion system delivers the perfect balance of economy and superior performance. The forced gas insulated combustion area allows for greater thermal heat transfer and reliability with performance and efficiency gains. Say goodbye to old-fashioned static burner designs and discover The Cleveland Advantage with our gas kettles.
