

KitchenCare Claims Processing System

Multiple Claim Upload Instructions

Last updated August 31, 2018

What is Multiple Claim Upload Functionality?

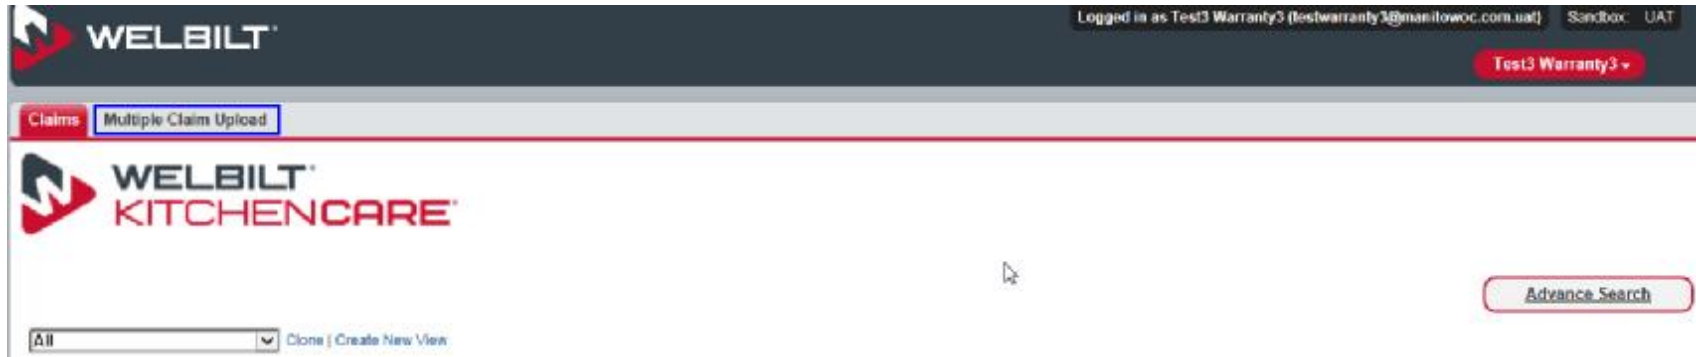

Multiple Claim Upload functionality in the KitchenCare Claims Processing system gives users the opportunity to create several claims with a few clicks of the mouse. For users with your own internal claims system, you can now format a download of data from your system to upload into the CPS. The format is pre-defined and available within the application. Please utilize this functionality to your advantage to gain efficiencies.

CPS Multiple Claim Upload - Introduction

- Upload file format must be CSV
- No more than 90 claims may be uploaded at a time
- All date formats must be in dd/mm/yyyy
- Reference the field requirements document for fields that are required, field formats and values for drop down fields
 - Populate the currency on the upload document that your account is setup in (contact your local claims processor or system administrator if needed)
- Claims are loaded 6 times a day at the following Eastern Standard Times: 12am, 4am, 8am, 12pm, 4pm and 8pm
- If a required field is missing or not populated, an error file will be emailed to the user that uploaded the file and the errored claim record will be put into Draft status
- If you close a CSV and re-open it, leading zero's will be stripped from values that are strictly numerical
 - Functionality is built in to handle part numbers with leading zeros, so no action is needed from you for this scenario
 - There is not functionality in place to handle leading zeros for Zip/Postal codes
 - If you close and re-open a CSV file with Zip/Postal Codes that have leading zeros, you will need to add the zeros back in order for the zip/postal code to be uploaded correctly

CPS Multiple Claim Upload

Click on the Multiple Claim Upload tab after signing in

Your account will default based on your user login

CPS Multiple Claim Upload

If you need to change the branch, click on the lookup icon and select the branch

The screenshot shows a web browser window with the URL https://uat-manitowocportal.cs65.force.com/manitowocportal/MAN_ClaimCustomBranchLookup?txt=pg%3Afrm%3A. The page title is "Lookup" and it features a search bar with the text "Search..." and a "Go!" button. Below the search bar, the section "Search Results" is displayed, showing a table of "Branches [6]". The table has six columns: Name, Address Line 1, City/Town, State/Province, Country, and Branch CSR. The rows are as follows:

Name	Address Line 1	City/Town	State/Province	Country	Branch CSR
Test Branch 24Apr2018	Akshardham Apartment	AHMEDABAD	Gujarat	India	
Test Warranty Branch	18-JAN	GURGAON	Haryana	India	1234
TEST WARRANTY FAS 3 - UKRAINE					
TEST WARRANTY PL	ADDRESS TEST - HK-1	Alma	Michigan	United States	
TEST WARRANTY PL 2	TEST AD1	Akutan	Alaska	United States	56789
Test Warranty PL 3	-	Los Angeles	California	United States	

CPS Multiple Claim Upload

Download the sample CSV for the format, if not already saved

- Delete the sample data and leave the column headers
- Make sure to save as a CSV file

Account	<u>Test Warranty FAS 3</u>	Branch	<u>TEST WARRANTY PL</u>

CPS Multiple Claim Upload

Reference the “KitchenCare CPS Multiple Claim Upload Field Requirements” document for required fields, field formats and picklist values

- Please note, this is not the upload file. The CSV file runs left to right, not up and down.
- Note for Manitowoc Ice Claims Only: For “Failure Mode” population on your file, please ensure to use the Failures -Manitowoc Ice list in the field requirement document on the picklist tab
- “Charge Line” reflects the total number of charge lines on the claim and each charge needs to be entered on a separate charge line. *For example:* If you have 2 labor charges, 1 part charge and 1 other charge, then you will have 4 “Charge Lines” on the claim. Each charge line number field, such as Charge Line 1 or Charge Line 2, can only be populated with EITHER a Labor, Parts or Other charge type, not all three.

Charge Line 1 SIL #
Charge Line 1 Labor/Travel Type
Charge Line 1 Labor/Travel Description
Charge Line 1 Labor/Travel UOM
Charge Line 1 Labor/Travel Requested Qty
Charge Line 1 Labor/Travel Requested Rate/Charge
Charge Line 1 Labor/Travel Total Requested
Charge Line 1 Parts Replacement Part #
Charge Line 1 Parts Replacement Part Description
Charge Line 1 Parts Replacement Part S/N
Charge Line 1 Parts RMA Tag #
Charge Line 1 Parts Replacement Part UOM
Charge Line 1 Parts Requested Qty
Charge Line 1 Parts Requested Part Price
Charge Line 1 Parts Total Requested
Charge Line 1 Other Type
Charge Line 1 Other Description
Charge Line 1 Other Refrigerent
Charge Line 1 Other UOM
Charge Line 1 Other Requested Qty
Charge Line 1 Other Requested Rate/Charge
Charge Line 1 Other Total Requested

CPS Multiple Claim Upload

- Save your file in CSV format
- When the file is ready to be uploaded, click Choose File and select the file to upload from your local network
- Click Upload File

The screenshot shows the 'Multiple Claim Upload' page in the Welbilt system. At the top, the breadcrumb 'Claims > Multiple Claim Upload' is visible. The Welbilt logo and tagline 'Bringing innovation to the table' are centered. Below the logo, the account name 'Test Warranty FAS 3' and branch 'TEST WARRANTY FL' are displayed. A row of four red buttons is present: 'Upload Multiple Claim', 'Download Sample CSV', 'Back', and 'Cancel'. At the bottom, there is a file upload section with the text 'Upload Document for Multiple Claims upload:' followed by a text input field containing 'C:\Users\kh48364\Desktop' and a 'Browse...' button. To the right of this field is a red 'Upload File' button.

CPS Multiple Claim Upload

A message will display that the records were successfully staged to be loaded when the next job runs to create the claims

Note: If you receive an error that the file could not be uploaded, confirm all of your dates are in the correct format of dd/mm/yyyy

The screenshot displays the 'Multiple Claim Upload' interface in the Welbilt system. At the top, the breadcrumb 'Claims > Multiple Claim Upload' is visible. The Welbilt logo and tagline 'Bringing Innovation to the table' are centered. A yellow notification bar contains the message: 'Claim Staging records inserted successfully'. Below this, the 'Account' is 'Test Warranty FAS 1' and the 'Branch' is 'TEST WARRANTY PL'. A row of four red buttons is present: 'Upload Multiple Claim', 'Download Sample CSV', 'Back', and 'Cancel'. At the bottom, there is a section for 'Upload Document for Multiple Claims' with a 'Browse...' button and an 'Upload File' button.

CPS Multiple Claim Upload

- If a required field is missing or not populated correctly, an error file will be emailed to the user that uploaded the file with a reason for the error in the last populated column (LF)
- Claim records with no errors will be created and put into Submitted status

Required Field Missing: Servicer Company Name ,Servicer Address 1 ,Servicer State/Province ,Servicer Country ,Servicer Phone ,Servicer City/Town	

CPS Multiple Claim Upload

Errored claim record(s) will be put into Draft status. You can Create New View to include Error in Upload or Check Error in Upload fields to see errored claims

To correct the error(s):

- You can either go into the Draft claim(s) in the system, correct the issue and submit the claim(s)
- Or correct the error(s) in the error file in the applicable line/column, save the file in a CSV format and upload it
- If the corrected file does not produce any further errors, the Draft claim will be put into Submitted status based on a match to the following fields: Brand, Serial Number, Repair Completed Date and Grand Total Requested
- If any of the above fields caused an error originally, the Draft claim will not be updated to Submitted, but a new claim will be created and put into Submitted status
