

## Steamers

### **SteamChef** Steamers: Save Energy, Save Water, Save Money!

- Boiler/Generator-Free design for easy maintenance.
- High-Speed Convection Steam ensures fast and efficient cooking.
- User-Friendly Operation with the SureCook Timer, which automatically adjusts for food volume.
- Easy to Clean—no costly chemicals required, just a simple vinegar rinse.
- New Water & Energy-Saving Design for improved efficiency.
- Perfect for Heavy Batch Cooking and Medium-Volume À La Carte Service.
- ENERGY STAR® Certified for top-tier energy efficiency.

### **SteamCraft** Generator-Style Steamers deliver high-performance, high-volume convection steaming for healthier meals.

- Self-Cleaning Firebar Heating Element for hassle-free maintenance.
- Three-Year Parts & Labor Warranty on the Door for peace of mind.
- Two-Year Warranty with Filter included.
- Easy-Access Deliming Port for simplified upkeep.
- Remote Water Level Controls for added convenience.
- Exclusive Convection Steam Jets for superior steaming performance

## Kettles

### Ditch the stock pot with Cleveland's wide range of Steam Jacketed Kettles and features like:

- Fast, Even Heating with steam jacketed design for superior heat distribution.
- Energy-Efficient Performance reduces cooking times and saves on utility costs.
- Durable Stainless Steel Construction for long-lasting reliability.
- Easy-to-Use Temperature Controls for precise cooking results.
- Tilt & Stationary Models Available to fit any kitchen setup.
- Large Capacity Options perfect for high-volume cooking.
- Easy to Clean with smooth surfaces and simple maintenance.
- Safety Features Built-In for worry-free operation.
- Ideal for Soups, Sauces, Stews & More!

## Skillets

Cleveland Tilt Skillets/Braising Pans are available in both floor and tabletop models to suit various kitchen needs.

### Floor Models (two series)

- **T1 "PowerPan"**
  - High-performance cooking with even heat distribution
  - Easy to clean with low maintenance requirements
- **TR "DuraPan"**
  - More affordable while still offering many features of the T1
  - Delivers great value without compromising functionality

### Tabletop Models

- Designed for maximum functionality in a compact footprint
- SET10 (with stand, fits in just a 28" footprint) and SET15 models
- Provide the same versatility and performance as T1/TR floor models
- Ideal for kitchens needing high efficiency in a small space
